

DRIVER EDUCATION

Dear Student:

Bluewater District School Board Beginner Driver Education Providers welcome you to the “**behind-the-wheel**” segment of your driver-training course.

The Providers – Driver Education Instructors provide the highest quality of driver education services. Thousands of students have graduated from these programs throughout Bluewater.

The course objective is --- **“To teach a student to be a safe and defensive driver regardless of the conditions or actions of others”**. A student who successfully completes the requirements of this course will be better prepared to face the hazards of driving and will be “certified” electronically with the Ministry of Transportation (MTO). Students requiring proof of course completion for possible insurance discounts must go to a MTO Licence Issuing Office and request a “Driver Licence History/Student Profile” search. This request can only be made by the driver’s licence holder and there is a \$12.00 fee for this service.

Your in-car training should be a positive, fulfilling learning experience. You can make that happen by showing up on time for all driving sessions. **Failure to show up at the appointed time will result in you being assessed a fee of \$25.00 per hour missed and this charge must be paid before you start your next lesson.** Remember, you must successfully complete all course components BEFORE you can be certified with the MTO. There may be an opportunity for additional observational hours. Please contact your Driver Education Provider for details.

If you cannot keep a pre-arranged appointment for any reason, it is your responsibility to contact your instructor directly. An appointment card with the instructor’s home phone number should have been given to you during your first in-car session. Please give the instructor 12-24 hours notice, if possible (someone else may be able to fill that time slot!). Anything less than 4 hours will be assessed the fee of \$25.00 per hour missed.

✂-----**Detach and return to the In-car Instructor**-----

Parent/Guardian and Student – Please complete, sign, date and return (on 2nd in-car session) to your in-car instructor.

Student Name: _____ School: _____

I have read and understand that **a fee of \$25.00 per hour missed will be assessed** if I do not show up for an appointment or I do not give sufficient notice to cancel a pre-arranged appointment. I understand this fee must be given to the Driver Education Instructor when I start my next driving session.
