

Bluewater School Administrators' Profile

School Council Consultation

Bluewater District School Board continues to develop and promote strong leaders in our schools. A thorough Bluewater School Administrators' selection and appointment process ensures that administrative candidates have a solid foundation in learning and leadership.

In addition, School Councils provide important information for the placement of our future administrative leaders. School Councils are invited to identify the key characteristics that are of particular relevance to its school by answering the following questions.

- What unique characteristics describe your school, from a parent perspective?

- Outline desired future goals for your school.

- Describe the relevant characteristics of an administrator who can best meet the needs of your school community and carry the school forward in the future.

Upon completion of this consultation form, please forward to:

Lori Wilder, Director of Education
351 – 1st Ave. N.
Chesley, ON
NOG 1L0

or by e-mail to Bev Sims at Bev_Sims@bwdsb.on.ca before **March 30, 2023**.
