

Summer School 2024 Camp Grade 7 and 8

Intermediate Math and Literacy Programs

Attend one camp or both!

In-person learning at East Ridge Community School

1550 8th Street East, Owen Sound

Transportation assistance available

Session 1

July 3 to July 17, 2024

Session 2

July 18 to August 1, 2024

8:30 a.m. to 1:30 p.m. daily

- Work in a small group environment to build confidence and gain an understanding of math and literacy concepts
- Take advantage of opportunities to reinforce concepts by making and creating activities
- Minimum enrolment required to run program

Another Opportunity for Grade 8 Students: Reach Ahead

Grade 8 students may earn a secondary credit through the 'reach ahead' option, which allows students to ease their timetable and provides flexibility in scheduling. Ask your school guidance counsellor for details.

Summer School Camp Options

Maker Math Camp

- Focus on the big concepts in number sense and algebra
- Enjoy opportunities to learn, create, and explore math through the subjects of science, technology, engineering, and the arts (STEAM)
- Develop new learning skills to prepare for secondary school as a confident, active learner
- Work with a numeracy teacher to strengthen math skills

Epic Journey Literacy Camp

- Focus on reading comprehension, skills, and strategies
- Develop core literacy skills, and social emotional learning skills based on student interests
- Engage in a variety of writing activities
- Enjoy opportunities to learn, and explore literacy through creative activities
- Work with a reading teacher to strengthen reading skills
